

Terry Chenoweth, Board of Directors

I was invited to a NWPVA event in 1987 by “then president” George Turner and became a member soon after.

I was elected to the Secretary position in 1989 and held that job until 2011. I have served on the Board of Directors ever since.

I have known so many wonderful men and women who have helped shape the “Chapter” over the years. My only sad regret is that “one by one” my good friends have either passed or moved away.
