Northwest Chapter

NWPVA OFFICER BIOGRAPHY

Gary E. Lieberg

Secretary

Secretary of the Northwest Chapter of the PVA. I am a retired USAF pilot and retired from the Boeing Company. While in the Air Force, I flew the KC-135 aerial refueling tanker and the C-123 cargo aircraft. I am a C6-C7 incomplete quadriplegic and have benefited directly from PVA intervention. With their assistance I am able to carry on as I used to and have a very active life style. I am very pleased to offer time and talent to this organization that so well serves we who have spinal cord injuries or diseases.
